BRIGHTON TOWNSHIP HALL

ROAD PROJECT - KENSINGTON ROAD

The Livingston County Road Commission has jurisdiction over all public roads in Brighton Township. That designation makes them the recipient of road maintenance dollars, from fuel taxes, distributed from the State of Michigan. It is well reported that funds received by Road Commissions throughout the state are not adequate to address the road infrastructure. As such, Brighton Township is partnering with, and contributing financially, to the Road Commission in the maintenance of the resurfacing of approximately one mile of Kensington Road (Stobart Road to Pleasant Valley Road). The specific dates of construction work are yet to be determined. However, construction schedules and potential detours will be posted to the Township Website (News Flash) as that information becomes available. Questions may be directed to the Township Manager at manager@brightontwp.com.

Administration

Special Assessment Public Road Projects

The Livingston County Road Commission is NOT currently funding the resurfacing of asphalt public subdivision roads. As such, residents have historically sought the creation of Special Assessment Districts (SAD) to generate funds to get their public subdivision roads repaved. In short, an SAD is a citizen-initiated charge on themselves (i.e., the benefitting properties of the road improvement). In light of the high cost of resurfacing roads, the Township Board has adopted a policy to help residents offset a portion of the cost of the resurfacing project. In March of 2025 the Township Board adopted a policy that states, in part: The Township Board may, at their discretion, agree to fund a public road SAD improvement project at 25% of the project cost or \$2,000 per developed parcel, or whichever is less. If you live on a public asphalt road and you believe that 66% of the benefitting property owners would support the creation of an SAD, your project would be eligible for partial Township funding. Please visit the Township website for more information; www.brightontwp.com.
